Aquamaster Modular Cleaning Systems

- Load conveyor extension for easy loading
- Emergency stop push buttons on both ends of conveyor
- "FullAccess" corrosion resistant fiberglass canopy with easy lift-off canopy segments (Pat. No. 5,650,450)
- Complete unobstructed interior access
- "Clip-on" adjustable spray nozzles
- Rear tank access
- Heavy duty stainless steel fabricated construction
- Sloped tank bottom
- Throttling valve
- Solution chip/strainer basket
- "Float-type" level control with fill/full and low water shut-off
- Extended drain areas between process zones
- Fused disconnect switch
- PLC controls
- Variable speed conveyor with jam protection
- Spill baffle wash tank design for easy oil removal
- Glass beaded exterior finish
- Solution overflow
- Solution heat
- "Split-type" tank drain

### Optional Accessories

- Multiple spray modules
- Blowoff module
- Heated blowoff module
- Extended conveyor
- 180° return conveyor
- Electric, gas or steam heating
- Exhaust fan system
- Solution heat auto timer
- Interior lighting & viewing windows
- Full cascade rinse
- Stainless steel belt & rollers
- Chemical injection system
- Indexing conveyor
- Micro-filtration
- Oil skimmer
- Oil coalescing system
- Product sensor
- Sump pump system
- Accumulating conveyors
- Stainless steel
