Aquamaster CD
Rotary Drum Cleaning System

Canopy safety shut-off switch (wet stages)
Corrosion resistant fiberglass canopy
U.S. Patent No. 5,630,435
Load hopper
Corrosion resistant interior spray system
Removable canopy
PLC control system
Removable canopy
Solution chip/strainer basket
Variable speed drive
Blowoff blower
Vertical "seal-less" solution pump
Level control

Micro-filtration bag filter (optional)

Quick release spray nozzles
Exhaust fan (optional)

Fused disconnect switch

Oil skimmer (optional)

Automatic fill piping

Throttling valve with liquid filled pressure gauge

Emergency stop button

Jam safety sensor

Discharge chute

Forklift accessible

Overflow

"Split-type" tank drain

OPTIONAL ACCESSORIES
- Multiple spray zones
- Exhaust fan system
- Micro-filtration
- Blowoff
- Heated blowoff
- Chemical injection system
- Oil skimmer
- Oil coalescing system
- Solution heat auto-timer
- Electric, gas or steam heating
